AMENDMENT

In reply to the Office Action dated December 4, 2002 (Paper No 6), the period for reply having been extended for three months by a request for extension and fee payment filed concurrently herewith, please amend the application as follows

IN THE ABSTRACT

Please delete the abstract in its entirety and substitute with the following:

--An apparatus for forming reclosable bags, wherein said bags are formed from a continuously traveling film (12) fitted with at least one closure tape (60), wherein the apparatus comprises a set of heat-sealed jaws (30) provided transversely relative to the travel direction of the film (12), at least one sensor (100) that detects if the tape (60) is present or not on the film in a predetermined position relative to the heat-sealed jaws, and means suitable to reposition correctly the film in regard of the heat-sealed jaws when the sensor detects a default in the position of the tape, so as to eliminate drift due to the elasticity of the film.--
